ADMISSIONS POLICY

Capital College is committed to enrolling students who meet all our program admission criteria and who are likely to succeed in meeting their education and career goals.

Admission Requirements

If the student fails to submit all required documents by the program start date, the College will terminate the student enrolment contract and refund all tuition and other fees (excluding the non-refundable registration fee).

Procedure:

1. The institution's Administrator refers all inquiries to the Director of Student Affairs. The Director of Student Affairs meets with the prospective student to discuss the program of interest, their educational goals and commitment to completing the program of study.

2. If the student is undecided about a program of study, the Director of Student Affairs gives the prospective student information about a number of programs so that the student can make a decision.

3. Once the student has decided on a program of study, the Director of Student Affairs reviews the admission criteria for the program with the student to ensure that they meet all criteria.

4. If the student does not have the required English proficiency qualification (Grade 12 English/ TOEFL 500 / computer 173 / IBT 61 / IELTS academic 6.0) the student is required to complete the CAAT – Level C, which consists of fifty multiple-choice questions, reading comprehension and a 5-paragraph essay. The student has two hours to complete the test and must score at least 70% on the multiple-choice reading comprehension portion but Capital College also retains the right to require the student to engage in further English study if the Director of Student Affairs considers the students' performance on the essay to be unsatisfactory. Students will be notified of their CAAT results within one week. If the student does not receive 70% on the CAAT they will be urged to successfully complete the Capital College LEC program before enrolling in an ECE/Montessori program.

5. International students are required to provide a valid Study Permit or Student Visa issued by Citizenship and Immigration Canada (CIC) as well as all required documents for the admission application; upon complete admission, international students are issued a letter of acceptance; if an international student does not show up for the program start date, a report is filed to CIC.

6. The Director of Student Affairs obtains evidence (e.g. transcript, proof of age, etc.) from the student that they meet all the program's admission criteria and places the evidence in the student file. Note: If the student fails to meet the admission requirements, they cannot be waived by either the institution or the student.

7. After receiving evidence that the prospective student meets all the admission criteria, the Director of Student Affairs prepares a Student Enrollment Contract and meets with the prospective student to review the policies that will affect the student during their completion of the program of study and to review the contract. Financial arrangements for payment of tuition and other fees are also discussed.

8. If the Director of Student Affairs and the prospective student agree on a financial arrangement, they sign the contract, and a copy of all student policies will be delivered to the student. When the student has confirmed in written response by submitting a signed "Student Handbook Acknowledgement" that they understand all student policies, the Administrator will deliver a copy of the signed contract.
